Insightful and written with love and dedication for all to access God's Power

By Purple Rose

*Awaken Your Divine Intuition*, written by Dr. Susan Shumsky, is a wonderful, inspiring book aiming to help you to experience the Christ Consciousness within you. It teaches the reader how to feel and know that God is in us and in everything. In fact, it shows you that God is everywhere and always available and accessible to all who ask. It is a spiritual, non-religious, non-denominational book about how to deepen our connection with Divine Spirit while at the same time being able to access this Divine Power at any time we need help or guidance.

This book, when following what is being taught, will allow you to experience God/Spirit whenever you want—at will. You can contact God/Spirit or your higher self, asking a question, or asking for guidance, or even request a spiritual experience with the Divine Being, and then be given the answer or spiritual experience instantaneously.

The reader is also able to access and download for free the *Divine Revelation Breakthrough Guided Meditation*. The link is provided inside the pages of the book. You only need to give your name, email, and order purchase number.

You will be able to discern the Voice of God from voices of other lower spirit realms. Dr. Shumsky is including many helpful Prayers of Protection and numerous Healing Prayers/Affirmations for different needs. She explains about the 10 Tests of Spiritual Discernment to ensure that your messages are truly coming from Divine Spirit and not from any lower types of spirit.

In this book Dr. Shumsky talks about and explains what miracle consciousness is. Among other things, It is an inner knowing that God your Creator is always with you and in you. It is experiencing the Divine Presence of God at all times, feeling the safety of always being in God's loving embrace.

She delves deeply into the history of many of the subjects in this book, such as Yoga, and also the Two Aspects of God: Impersonal and Personal.

Dr. Shumsky really goes into deep details in everything she is writing about in this book, to ensure the reader understands everything and also for the reader to get the most benefits from it. You can tell that she is very concerned for us to become clear about and understand completely our connection with Divine Spirit/God and how this "Knowing" can and will enable us to lead a more spiritual life knowing that God is always with us and leading and guiding us, if we will allow Him/Her to do so.
