The Elegy of the Beast

By J. Giermann

This is an elegant, sophisticated graphic-novel, & one that requires a little interpretation on the reader's part. Colette, a young sculptor, is called out to a lush mansion to carve out a portrait in marble. But when her strange, enigmatic client finally reveals himself to her, she can't help but be terrified by his dark, ghostly appearance. Yet soon Colette finds herself mesmerized by the gentle 'Beast,' in his kindness, loneliness, & honest storytelling. But there's a deeper mystery lingering in the air.

I can't help but be reminded---just a little---of 'The Beauty & the Beast.' Though the paths of these two tales are quite different, certain characterizations & pathos softly parallel one another.

There is a haunting poetry in these pages. The simplest of interactions---a kind word, a touch---take on more profound meaning. One must connect the dots & use a bit of imagination in the end to reach its full conclusion.

The art, in wispy, dreamy line-work, is graceful & full of genuine emotion, perfectly accenting this somber story.

Recommended to those looking for something more gentle, graceful, & thoughtful than the average fare.

great stuff

By mary

this was exactly what my son wanted for christmas. I found it for less at amazon so I was able to purchase a couple other books!
