PreSchool-Grade 2--This award-winning team returns with a third story of farm animals with ambition. Duck is tired of doing his chores (mowing the lawn and grinding the coffee beans), and decides to hold an election to replace Farmer Brown. When he wins, Duck quickly realizes that running a farm requires too much hard work, and sets out to run for governor. With the help of the hens, and speeches "that only other ducks can understand," he eventually ends up running the country. Executive office gives him a headache, however, so Duck returns to the farm to work on his autobiography--on a computer, with the typewriter from Click, Clack, Moo(S & S, 2000) in the wastepaper bin next to him. Lewin's characteristic humorous watercolors with bold black outlines fill the pages with color and jokes. Cronin's text is hilarious for kids and adults and includes a little math and quite a bit about the electoral process. The animals, who have no verbal language that humans can understand, are empowered by the use of the written word, and the subliminal message comes through loud and clear--one can almost hear youngsters thinking, "Watch out grown-ups! Just wait till I learn to read."--Jane Barrer, Washington Square Village Creative Steps, New York City

My fellow Americans:

It is our pleasure, our honor, our duty as citizens to present to you Duck for President. Here is a duck who began in a humble pond. Who worked his way to farmer. To governor. And now, perhaps, to the highest office in the land.

Some say, if he walks like a duck and talks like a duck, he is a duck.

We say, if he walks like a duck and talks like a duck, he will be the next president of the United States of America.

Thank you for your vote.

Silly

By LizP

This is a silly book. Silly in a good way. Silly in any way adults and kids can both appreciate. Duck starts out on Farmer Brown's farm, where his jobs are to take out the trash, mow the lawn and grind coffee beans. At the end of each day duck finds himself covered in bits of grass and espresso beans. So he decides to run for Farmer and he wins. But he discovers that running the farm is hard work, so he runs for governor. He wins by just a few votes. But he discovers that being governor is hard work, so he runs for president. He wins by just a few votes but he discovers that being president is hard work. He sees a help wanted ad for a duck who can mow the lawn and grind coffee beans, so he retreats to the farm to write his memoir.

The book is filled with political jokes parents will get. On the title page Duck raises his arms and holds his hands in victory signs like Richard Nixon did so many years ago. His poster in running for Farmer says he's running for a "Kinder, Gentler Farm," not far from George H. W. Bush's slogan.

Duck does all the things a good candidate should do. He even "gave speeches that only other ducks could understand." And every time he wins a new job, he finds he's covered from head to toe in gunk at the end of the day, the gunk just changes with each job.

As kids follow Duck's races, they learn what's involved in a political campaign, and how important each vote is, and one would hope they learn that if a duck can aspire to the highest office in the land, so can they!

The illustrations are very funny. They keep the story moving with their humor. They have details the reader won't notice on the first or second or third reading. This means the book continues to be funny, time after time.

Great book to explain to kiddos how on to become president

By Sarah Yeager

As a teacher this is one of my favorite books for teaching about government and especially how someone can rise though the ranks and become a president. Although this is a silly example, it has lots of teachable points to help little ones understand the election process. A great buy for kiddos since this is an election year!
