This book is a treasure for me!

By Fredho Halim

I am working in a company which is dealing with medical products and I am assigned to handle blood bank products. As my educational background was pharmacy, it was so hard for me to understand the routine procedure performed in a blood bank and the knowledge itself until I read this book. This is an amazing book designed to teach you step by step in a very simple way to understand about immunohematology. So after reading this book, I felt well-equipped and more confident in doing my job. Thanks God in finding this book.
