Awesome info for a better more fulfilling world and daily life.

By Aria

Great book, read the whole thing for my class. Awesome info super helpful in everyday life. Even if you think you are open minded and accepting you will probably uncover ways you can grow and learn and be more respectful and understanding of others in many ways. A must for all, in my opinion!

extremely interesting

By Elyse Bois-jobidon

I had to purchase this book for my "Intercultural Communication" class this fall. Our professor made us read every chapter. I do think it is an interesting book, but I do not think that you will find any theories that will change the way you look at intercultural communication. Great introduction book none the less.
