There is also a special pathos here as Dr. Moore s study is set against the recent death of his granddaughter, Marley. How does one declare, Jesus is Lord, in the face of such a tragedy? Many lords claim our allegiance. Not only do the numerous gods in our multireligious, multicultural society vie for our attention, but also the lords of business, entertainment, sports, and finance compete for our undivided loyalty. Yet down through history, in the face of all other competitors, Christians have sounded the phrase, Jesus is Lord. In this inspiring book, Frank Moore explores just what this affirmation means today. He takes a fresh look at what lordship is all about, tracing its meaning through Christian creeds, confessions, and statements of faith, turning to the Bible for deeper insights, and finally offering practical ways to make Jesus lordship a reality in every part of our everyday lives.

The Antidote for Self-Absorbed Living

By Dr. David Frisbie

Dr. Frank Moore is a thoughtful observer of today's culture and an astute historian who has studied the theological and cultural development of Christian faith. In this outstanding new volume, Moore turns his attention to the idea of "lordship" as it has been understood by the community of faith across many generations and cultures.

Birthed in tragedy, the book is a celebration of the innate goodness of God, even in the midst of suffering. It is also a ringing affirmation of a much-needed shift in our contemporary milieu --- from self-focus to an awareness of a Higher priority.

Together with son Brent (wife Sue edited a helpful study guide) Dr. Moore takes us on a journey toward understanding the purposes and character of God, even when His goodness is cloaked in the enigma of tragedy. Well-written and thought-provoking.
