### About The Author

For years I had success using the Law of Attraction in every area, except my love life. I never seemed to attract the specific person I wanted. Then I developed my strategies for using the Law of Attraction for love on a specific person and had immediate success. It happened so fast that I practiced it on multiple people just to see if it was a fluke. Within days, I would receive a phone call or email from the person I focused on.

As word of my success spread, people approached me for advice, attracted to my method. These strategies work for me. They work for others. They will work for you. Believe in the Law of Attraction. Believe in yourself. You can manifest a relationship with a specific person.

A good take on the law of attraction for love

By Bessie Smith

Just as the title says, attracting that special person into your life or back into your life. It gets right to the point without any fluff, offering practical advice on how to use different law of attraction techniques to get the love your life back. There was a bit of a twist to using visualization that I haven't read about in other books and the idea of a software application to create a vision board was a new one. How many times have I read about using tape and pictures from a magazine? It's good to see that there are new ideas in this field.

The book takes you through several steps like the usual "write a list of what you want", but adds a bit of a twist on what you really are looking for - a person or a relationship. That was a new idea to me. It made me really think differently about manifesting and about what I wanted. The book also has information on heart energy and how loving yourself is as important as getting that special person to be with you. The book also

has you take a look at yourself to see if you need to change something that might have caused the issues with your ex. That's not always easy, but let's just say that I look at my sheets and the clothes in my closet a little bit differently now. And, although I know reading this book won't make me perfect, I'm more at peace with myself and my ability to get my special person. I feel better knowing that I have some new ways to make it happen.

The book has a good flow. It sometimes is a bit slow when explaining some of the law of attraction ideas, but quickly picks back up. The author drives home a point but doesn't go over it so much that you have to quit reading for a while. I would have liked to have a bit more of the author's personal story, but overall the examples and ideas presented are good.

If you have an "ex" in your life, you want them back and you keep hoping it will happen, I would recommend this book. If you are looking for someone to be in your life and you're hoping too, I would recommend this book. I'm turning my hope into action. Wish me luck!

Buy the book!! It is a treasure trove to success in your love life and everything else

By TiffanyG

Hi I purchased this book after a REALLY bad breakup a couple years ago. If i told u what happened, you would have thought yeah it's over. We both live in completely different states. Looking at him you would think he has alllll these women on top of him n have moved on. I NEVER contacted him. This book WORKS n have set me on the path to learning how to use law of attraction to put my life back together. Just a few words of advice: this book works when you do everything in it n you LET GO. it took forever to work because i had the hardest time letting go. the VERY moment i let go (ex. when i just started throwing his pictures away) n just genuinely ok and happy with my life as it is n if he didn't come back that i was a-OK is WHEN he came right back on his own. A next word of advice: you have to stop looking at what is going on in front of you, even it it denies the very thing u want. you have to live FROM the invisible, but REAL world of having him back already. thirdly: it doesn't matter if they are seeing someone else because everything is energy and your raised vibration can switch things around so much that the person they may be seeing is swiftly taken out of the picture in a peaceful manner. Mind you, we hadn't spoken since the middle of 2013 and he came back the beginning of 2015. Still, since seeing my power in willing romantic relationship with him, i have now turned my attention to someone else because seeing this work is pretty amazing; it's effortless. this book is a gold mine because it's your secret weapon in life. give a chance. u have absolutely nothing to lose.

It takes time...BUT IT WORKS! AND THAT IS ALL THAT MATTERS! :)

By Frequent Buyer

Well, what can I say?? In addition to being a good read...IT WORKED!! So, just a little bit of background; my (very pleasantly) intense relationship with someone ended very ABRUPTLY and, seemingly, without a reason. What seemed to be an amazing, uncanny connection and mutual love and sense of caring/nurturing - the kinds of which were never felt before by both - suddenly, poof...gone along with a strong realization that "the one" was...well, just gone. Not sure how I ended up on this page and book but I learned about LoA and did not realize I had been using it all along without even knowing it - the good and the bad. In retrospect, the more I thought about all that I have and lacked - I had created including this and, perhaps, collectively or individually - and all other endings. In any case, this was a great read BUT it did NOT work for me in the beginning (although it did help me cope and gave me a more positive outlook on life.) I did every single thing, EVERYTHING, as instructed, but it did not seem to work. I do have to caution that LoA does have a dark side, perhaps, when it comes to (broken) relationships - obsession.

Then one day, it hit me. Perhaps, the SINGLE MOST IMPORTANT component of the whole process: detachment. Letting go. I had not completely, totally, let go and was still holding on to the person and the dream, so to speak. The moment I completely let go, detached myself, abandoned concern with the outcome...and applied the principles in this book again....things begin to change...amazingly. Her and I are slowly finding out way back to each other. This is not an overnight process, it took me months. This is not something you do once - this is a paradigm shift from your core, a new way, the changing of your perception about what you THOUGHT of yourself, your partner(s), the world as you SAW it and your role/place in it all.

It's confounding of a paradox that you not only have to become what you desire but, simultaneously, you have to completely let go. Go figure:). I would recommend that Elizabeth really emphasize and, maybe, devote a chapter or two to the detachment part. For me, this was THE missing link:). Thanks.
