From a huge fan

By Amazon Customer

Another great entry in the Monster Musume series, also LaLa finally gets some time and she is adorable. Mero is also very good and good to see the greater world building. If you love monster girls and are a huge fan of the Musume series, buy it.

However if you are not already a fan and the other volumes did not cut it for you, well this is not going to do it either.

Great and still love it. (If you are reading this, you should already know what's going on so there is no point in writing a full review on it).
