This book ROCKS!

By Amazon Customer

I love how this book is written, the author is thoughtful about the way he shares his stories. You can tell he cares about his audience because he writes in a way that you know exactly what he went through. You feel really bad for him at first but as you keep reading its very inspiring to see the changes he's made to be a better person.

I would say it is a must read for anyone who's made a mistake or two in life but even if you have a great life still an awesome read to get motivated to do more.

Practical Advice

By Petunia022

I gave this book a 4 star rating because I don't prefer profanity in my books, but he has a lot of good advice that helped me stop, think and now "turn my life around". It "slaps me upside my head" and reminds me I don't have to keep making the choices that got me here. I MUST LET GO OF THE PAST and then I can head my life in a better direction.

He gives examples that can fit a variety of situations. Before I continue reading I review all my highlighted passages to really help seat the concepts, plus there is a "cheat sheet" in the back of the book to help you. I will read this book again.

Authentic, raw, and real

By Reviewer

I've struggled with depression in my life. There, I said it. It's not something that I've been super public with before, but it's something that has shaped my identity for the better part of a decade.

Why do I bring that up? Because it's a difficult beast to tame and manage, and I look for any resources I can to help me. Fortunately, this book is one of the best on the topic for that. It's probably because of the authenticity that the author writes with, and it's very clear that he was also in dire straits before... possibly worse than me? Not like it's a competition, but that does give some valuable perspective that you won't find elsewhere. And believe me, I've looked.

Sometimes you just need a kick in the rear, and this book was definitely that as well.
