Seeing Sociology in your Everyday Life

Macionis empowers students to understand the world around them through a sociological lens, so they can better understand sociology and their own lives.

Sociology, 14th edition is written to help students find and use sociology in everyday life. With a complete theoretical framework and a global perspective, Sociology offers students an accessible and relevant introduction to sociology.

The new edition continues to grow to meet readers' changing needs. With a newly integrated pedagogical framework, readers are guided through both the text - and optional new MySocLab - to build their critical thinking skills while learning the fundamentals of sociology.

Teaching & Learning Experience

The teaching and learning experience with this program helps to:

- **Personalize Learning** — The new MySocLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.
- **Improve Critical Thinking** — Six new learning objectives per chapter help readers build critical thinking and study skills.
- **Engage Students** — New design, everyday life and pop culture examples make sociology relevant for students today.
- **Explore Theory** - Three main theoretical perspectives are discussed in every chapter.
- **Understand Diversity** - Contemporary research informed by expert reviewers and cutting edge data sources reflect a broad range of race / class / gender.
- **Support Instructors** - Author written activities and assessment in MySocLab, the test bank and instructor's manual help provide support for instructors.

so very happy with the book

By Thomas Smith

Well written. Plenty of examples. Got an A in the online course, so very happy with the book, Now to the publishers, about the annual upgrades and the outrageous pricing of new textbooks is another issue.

Potential buyers and renters please be aware: this e-book is not a universal format.

By Mick

I purchased this text for my son who is taking Sociology 141 this year. Unfortunately, it has been rendered useless in its current format. Although every other e-book, Kindle format or otherwise, I've ever gotten was able to be viewed on both the app and the reader program, for some reason this book is supposedly not compatible with the computer based Kindle reader. When my son went to download the book it did not give an option to download to the Kindle reader app already installed on his Chromebook, it showed that it was not available in that format. I double checked to see from a different computer, just to be sure, and it still showed that it could not be downloaded to the PC app. It can be viewed from the mobile Kindle app, so if you're ok with trying to read a college textbook on your phone screen, or if you already have a Kindle tablet, then proceed. Know that my son tried reading it on his phone, and found that it was more of a hinderance to the learning experience than a help. So after spending over \$150 on this book in its current format and the supplement to it that he needed, I will be purchasing it again in a different format from another source.
