Washing dishes...yuk

By J. Zabel

For those of us that hate or have hated washing dishes this is a very enjoyable book. My students loved the part where he was eating out of the soap dish and ashtray. The good part is that in the end he has to wash his dishes.

The Man Who Didn't Wash His Dishes

By MLavine;JDrew

The item was listed as in very good condition. It arrived and it looked brand new. The seller sent the book immediately and this transaction couldn't have gone more smoothly. Thank you so much. b

Still around after all these years

By Gerald Masel

This book was the only souvenir that my mom took home from the magical and mysterious world of TEACHING before us kids were born. It was our favorite, and our copy stamped with "New York City Board of Education" must have caused her to lose her voice on occasion - from reading out loud, over and over.

Everything was done just right: The story has a brilliant sense of rhythm. It progresses with just the correct amount of repetition, and introduction of humor. The illustrations are wonderful and warm. I am an illustrator by profession, and was flabbergasted when the book was returned to me after years of exile with my younger cousins. The artwork was as beautiful to my adult eyes as it was 45 years ago. (My earliest efforts at book illustration are still evident in crayon on the inside of the front cover.)

I now live abroad, and English is my childrens' somewhat challenging, second language. Never-the-less, they

were always happy to hear read this lovely story
