Amazon.com Review

Christopher Vogler has served as a studio folklore specialist, and here comes up with a book that is, in one regard, much like the screenplays it seeks to strengthen: it's derived from other sources! An acknowledged distillation of, and meditation on, the work of Joseph Campbell, **The Writer's Journey** approaches the storyteller's craft as one of recounting the hero's mythic journey, replete with roadblocks and life lessons. But why the unspoken assent that movies hew to this structure, when we don't demand the same of plays or books? Could it be that the collective viewing of films is one of our last tribal rituals?

THE WRITER'S JOURNEY: MYTHIC STRUCTURE FOR STORYTELLERS & SCREENWRITERS BY CHRISTOPHER VOGLER PDF

The Writer's Journey is a guide to the patterns of mythology that lie nestled in all narrative writing. Based upon the work of Joseph Campbell, it offers the reader a set of useful myth-inspired storytelling paradigms and step-by-step guidelines to plot and character development. One of Hollywood's top studio heads made the rough draft of this book required reading for his executive staff.

"...the perfect manual for developing, pitching and writing stories with universal human themes that will forever captivate a global audience". -- Jeff Arch, screenwriter Sleepless in Seattle

If you write, read this

By SH

Vogler has deciphered Campbell and put forth the concepts and structure in a way that is accessible to all storytellers. This book not only works as a brilliant guideline for writing fiction, but also serves as a template for tightening and polishing stories so as to make them work on both entertainment and literary levels. A remarkable text.

If you don't have it already, get it now!!!

By D Lo Industries

What started out as a memo at Disney studios is now the industry standard. A must have for beginners. A helpful source for those horrible late night blank screens. An excellent structure guide.

A Journey Worth Taking

By S. Crudup

Christopher Vogler's "The Writer's Journey" is an open corridor to superb characterization. In preparing to write either your novel or screenplay, Vogler's vivid descriptions of the most common archetypes are truly indispensable and useful. Every fiction writer owes it to him or herself to be mindful of the qualities that each archetype possesses. My mind has been opened by studying the different characteristics of the Hero, the Shadow, the Mentor, the Threshold Guardian, the Herald, the Shapeshifter and the Trickster. Vogler describes each one's dramatic function as well as their psychological function. After teaching us the merits and peculiarity of the character, Vogler exhibits his own unique dramatization of Joseph Campbell's work. The Writer's Journey gives the writer a chance to develop a story to its fullest potential. I thoroughly enjoyed this book and have started to employ its direction in my own fiction writing. It will not only change the way we view our characters' and their prospective journeys but it will also help us to see some of their characteristics in our own lives. This is a great book. Every novelist and screenwriter must have The Writer's Journey. Kudos!!
