The book ""Zen and the Natural Cure to the Common Gum Diseases" gives you a HUNDRED PERCENT guarantee to prevent and naturally cure gum diseases - whether receding gums or inflammation of the gums, regardless of your situation, with no medical intervention and with no cost whatsoever, even if your teeth are wobbling and it seems hopeless.

This book was first published in Israel in 1997, and ever since it saved thousands of Israelis from surgeries, radical treatments, tooth lose, pain and huge expenses. It is a life changing experience that will reverse the course of the disease, from an ongoing deterioration to a process of natural rehabilitation, which means that once you follow this book - for the rest of your life, every change in your situation will be for the good.

Receding gums and inflammation of the gums (Pyorrhea,) are the most common diseases in the world, considered by the health establishment as "chronic" / "autoimmune" / "hereditary" or "genetic" diseases, that enslaves those who suffer to surgeries, huge expenses, lose teeth, invasive treatments and medications for life.

Curing gum diseases naturally, requires high level of awareness for making the changes in your lifestyle that will allow the body to initiate a delicate healing process, and this book builds the reader's consciousness, in order to help him succeed in doing this change correctly. By following this book meticulously, you will see amazing results within days!

This book is the first part of an enlightenment that I experienced in 1993. After I managed to cure myself from severe situation of receding of the gum.

When I realized that no establishment will fund a research to prove this approach, I used my experience and my insight, and did the research myself.

If you do not get the expected results you can always get refund (so that you will not have to feel stupid about buying it).

If you encounter cynical, humiliating criticisms, with nothing but disdain and rejection, Google the person to see if he is a doctor.

Doctors react hard to this information for many reasons, some of which are discussed in the book.

If you follow this book, you will not need doctors anymore - for this matter, as well as many other.

Although this book is not for free, most chances are that it may be the best investment that you will ever make, because for every dollar that you pay, you will save over a thousand only on medical treatments.

Surprisingly in many other aspects it will also save you more money than you can imagine, and you will live a healthier and happier life with the right knowledge and harmonic behavior for the long term.

From those who buy the book, I kindly ask to leave comments to empower those who are not sure.

A great book

By Susan

I read the book "Zen and the natural solution to the common gum diseases," and I am still amazed. It is a real life changing experience that reveals a new approach of understanding, preventing and curing diseases, that without it would require surgery, losing teeth, suffer and huge cost.

I think that every person needs to read this book in order to be aware to hidden factors that we cannot comprehend in the normal approach, that can damage life badly.

Yawn, Yawn, Yawn, now I really need coffee

By Michael J Goldberg

I feel so stupid for buying and then reading this piece of drek. Save yourself some time. Don't eat or drink hot foods, don't get deep tissue massages and yawn for health. And, if you believe that, I have a bridge to sell you. Plus, this must have been translated in Moldova.

Thank you very much for your book

By Efrat Tenenbaum

Great idea and the heat is on to eliminate all hot drinks from my life. Thank you very much Dr. Cohen... Although, I remember some dentists said to me that drinking hot was a cause of tooth decay and gum damage, I never realized that great truth...
